

Bariatric Heavy Duty Stool

Superior strength and stability.

Bariatric support warranted up to 500lbs.

The **healthCentric Bariatric Heavy Duty Stool** is the only bariatric stool on the market warranted up to 500 lbs to provide superior bariatric support and comfort for multiple task work and to withstand the demands of a 24/7 environment. The Bariatric Heavy Duty Stool is designed from top to bottom to be easily cleaned and comes in 350 lbs or 500 lbs configurations.

Frixion
Healthcare Fabric

Prevent Falls from Chairs

the only Ergonomic Healthcare Fabric available

Stools and chairs in clinical settings are typically upholstered in vinyl and other slippery coated materials. healthCentric's new Frixion Healthcare Fabric allows the user to stay firmly positioned in their seat. It also withstands hospital grade cleaners and disinfectants. Frixion is created by adding healthCentric's proprietary **anti-slip technology** to certain hospital grade coated fabrics.
