

Saffron Dedicated Task Chair

Superior comfort,
cleanability and safety.

Ideal for 24/7 nursing and administrative settings.

nurseCentric Dedicated Task Chair is designed to ergonomically support the tasks required in a nursing station or administrative environment, while increasing comfort, health and productivity. This versatile task chair is available with multiple seat and back sizes in order to fit a variety of individuals and workstations.

The nurseCentric Dedicated Task Chair is designed to meet the demands of all healthcare environments. Features such as the plastic back cap and optional IC Plus Upholstery provide long lasting protection and peace of mind.

Upholstered front with plastic back cap

Frixion

Healthcare Fabric

Prevent Falls from Chairs

the only Ergonomic Healthcare Fabric available

Stools and chairs in clinical settings are typically upholstered in vinyl and other slippery coated materials. healthCentric's new Frixion Healthcare Fabric allows the user to stay firmly positioned in their seat. It also withstands hospital grade cleaners and disinfectants. Frixion is created by adding healthCentric's proprietary **anti-slip technology** to certain hospital grade coated fabrics.
