

# Starbase Stool

Anti-Slip Seating and Ease of Movement.

# Starbase Stool; easy to move.

The **Starbase Stool** provides stability, comfort and ease of movement in multiple settings such as hospitals, clinics, and medical office buildings. With the ability to work close to ground level, the Starbase Stool reduces back and leg strain.

**Frixion**  
Healthcare Fabric

Prevent Falls from Chairs

**the only Ergonomic Healthcare Fabric available**

Stools and chairs in clinical settings are typically upholstered in vinyl and other slippery coated materials. healthCentric's new Frixion Healthcare Fabric allows the user to stay firmly positioned in their seat. It also withstands hospital grade cleaners and disinfectants. Frixion is created by adding healthCentric's proprietary **anti-slip technology** to certain hospital grade coated fabrics.

## Features
