

ergoCentric Sit Stand

The ultimate sit-stand available

Easily alternate between different postures.

With its innovative design, the ergoCentric Sit Stand is the ultimate sit-stand chair combining three chairs in one: providing a sit-stand, a sit-stand with backrest, or a counter or desk height task chair.

The ergoCentric Sit Stand can go from a height of 19 ¼" all the way up to 35 ½". Height adjustments are easy and quick, allowing you to alternate between various postures throughout the day, removing unnecessary demands on any specific group of muscles. Ideal for labs, pharmacy, Workstations on Wheels, and other sit to stand applications.

Made from high friction ergoCentric+Guard™, the No-Slip Strip is an integral part of the ergoCentric Sit Stand's design, designed to prevent users from slipping while in the perched position. The front casters make the sit-stand easy to move around and it comes fully assembled for convenience.

FEATURES

- 1 No-Slip Strip
- 2 3 glides provide stability
- 3 2 casters for easy moving
- 4 Friction Healthcare Fabric

Frixion

Healthcare Fabric

Prevent Falls from Chairs

the only Ergonomic Healthcare Fabric available

Stools and chairs in clinical settings are typically upholstered in vinyl and other slippery coated materials. healthCentric's new Frixion Healthcare Fabric allows the user to stay firmly positioned in their seat. It also withstands hospital grade cleaners and disinfectants. Frixion is created by adding healthCentric's proprietary **anti-slip technology** to certain hospital grade coated fabrics.

Features

Backrest

- Fully upholstered backrest
- 4" of back height adjustment

Seat

- Upholstered seat with dual density molded polyurethane foam with 4" of ergoCentric+Guard No-Slip Strip
- Seat pan: 17 ½" w x 15 ½" d
- Seat height: 19 ¼"-35 ½"

Control
