

Stormont Vail Health

ABOUT STORMONT VAIL HEALTH:

Stormont Vail Health is an integrated health care system serving a multicounty region in northeast Kansas. It is comprised of Stormont Vail Hospital and the Cotton O'Neil physician group, with more than 200 employed physicians and a variety of ancillary services. Stormont Vail achieved Magnet® recognition for excellence in nursing services in 2009.

Stormont Vail Hospital is a 586-bed acute care referral center and has the region's only Level III Neonatal Intensive Care and only verified trauma center.

Stormont Vail Health has a deep commitment to the community and to Kansas, and strives to provide high quality, efficient care and the best possible experience for patients and caregivers.

- 
- Client:** Stormont Vail Health
 - Location:** Topeka, KS
 - Dealer:** Contract Design Group
 - Scope:** 350+ guest chairs, 70+ tables, 60+ stools & sit stands

Aloe Guest Seating

Seat: IC+ Upholstery Solution (Copper)
Back: Knoll Petal Pusher (Buttercup)
Maharam Strum (Prawn)

“ Our Infection Control Department needed products that were resistant to harboring bacteria and had easy clean-ability, which is why we like IC+ Upholstery Solution from healthHcentric.

IC+ is another tool in our arsenal to combat HAI’s as it is seamless and completely seals the seats, which take the most abuse and if damaged can have the ability to harbor microorganisms that can pass along disease.

The durable, cleanable and impermeable IC+ upholstery on the Aloe Guest Chairs is perfect for the department.

24" Bariatric Chair

Seat: IC+ Upholstery Solution (Sand)
Back: ArcCom Gardenia (Wheat)

TESTIMONIAL

We also decided to purchase the healthCentric Bariatric Guest chairs for our exam rooms and have practically standardized the Bariatric Guest Chair for our high-use areas such as express cares and emergency department, in sizes 21", 24" and 30", so we can accommodate everyone comfortably.

On top of the high quality products, our healthCentric representative was very responsive to our pricing needs, and provided us with samples and layout ideas.

I would recommend these products to anyone in the healthcare field who wants to create the cleanest environment possible. ”
