

Aloe Hip Chairs

Designed to meet the needs
of orthopedic patients.

Assists the patient to sit and stand **with minimal stress.**

The Aloe Hip Chairs are designed to meet the needs of orthopedic patients. With a seat height of 24.5 inches, the design allows a hip flexion of less than 90 degrees while assisting the patient to sit and stand with minimal stress on the hip joints. The built in foot bar supports the patient getting in and out of the chair, and provides a place to rest their feet. Available in 21" and 24" widths, Aloe Hip Chairs are made with high resilient foam offering exceptional comfort and firm support.
