

HÄG

Capisco®

Available only in Canada

ergoCentric Seating Systems is the exclusive distributor
of Scandinavian Business Seating products in Canada.

health**H**centric™
healthcare seating specialists

Essential for sonography and patient care.

HÅG Capisco responds intuitively to the body's natural movements and provides unlimited possibilities for variation of the seated posture.

The unique shape of the backrest provides perfect support in numerous sitting positions and is made for greater freedom of movement, variation and natural sitting positions. The saddle seat can be adjusted between low and high working positions, all the way up to standing, enabling you to be more dynamic in your movements. Often referred to as the "Sonographer's Chair", the backrest design provides full trunk and forearm support when seated backwards, and full support for the arm when seated sideways.

Ideal for ultrasound, dialysis, laboratory, and other environments that require demanding postures.

HÅG StepUp®

HÅG Capisco shown with optional HÅG Foot Ring
Design: Peter Opsvik. Patent and design protected.

® HÅG Capisco, HÅG StepUp and HÅG inBalance Mechanism are all registered trademarks of Scandinavian Business Seating
