Polyurethane

health**H**centric<sup>TM</sup>  
healthcare seating specialists

# ergo C™ Polyurethane series keeps you comfortable even in harsh clinical environments.

The ergo C Polyurethane series offers ergonomic seating designed to meet the rigorous requirements of healthcare environments. Continually tested, our chairs are made using only the highest quality materials and workmanship. The self-skinned polyurethane seat and back are resistant to damage resulting from water, disinfectants and chemicals, as well as puncture and cuts.

Designed to provide ergonomic support for a variety of work requirements, the ergo C Polyurethane series is ideal for industrial, scientific, factory, hospital, and laboratory environments.
