

airCentric H2S Task Chairs

Be comfortable. Be productive.
Ideal for healthcare environments.

The airCentric H2S task chair combines more than a decade of airflow engineering research, with proven ergonomic design, comfort and cleanability.

Ergonomics: The airCentric H2S offers a wide range of options and features to meet the rigorous demands of healthcare tasks. Features like our patented back height adjustment system, multiple seats sizes, and various arm options will ensure the right fit and support.

Comfort: The airCentric H2S uses an improved, highly durable, molded back foam cushion that stands up to the test of years of continuous use without losing load-bearing capabilities, shape or dimensions. The molded foam provides long lasting lateral and lumbar support while ventilation holes in both the back and front are designed to allow airflow.

Cleanability: With a solid back cap, the airCentric H2S is made to meet stringent cleaning requirements in healthcare environments. Also available with durable and cleanable IC Plus coated arm caps.

Solid back cap

Adjustable headrest

Frixion™

Vinyl upholstery is slippery. The solution is Frixion.

healthCentric's Frixion medical grade upholstery is specially designed to provide ergonomic benefits and prevent falls. Frixion helps the user stay in place and not slide forward on the chair as they sit, improving comfort and increasing the ability to engage with the lumbar support.

Frixion withstands hospital-grade cleaners and disinfectants, ensuring a hygienic seating surface for healthcare workers and patients.

Features

Backrest

- Front upholstered dual curve backrest (19" w x 24" h)
- 5" patented back height adjustment
- Solid back cap

Seat

- Tailored upholstery on seat pan (20" w x 19" d)

Control

- Available mechanisms
 - > Synchro Glide
 - > Multi Tilt
 - > Synchro Tilt

Base

- 26" glass reinforced nylon mid-profile base
- 5 dual wheel urethane casters

Options

- Air lumbar system
- Air thoracic system
- Patented adjustable headrest
- Midnight Black or Light Grey frame, back cap and base
- Lift (seat height) options
- Optional small or plus seat sizes
- Caster, glide, and base options

Warranty

Lifetime*

- Original purchaser
- Defects and functional failure of materials up to a weight of 350 lbs
- With the following exceptions:

12 Years*

- Mechanisms, arms and foam

5 Years*

- Frixion, Vinyl, and PVC-free upholstery

* Includes labor costs.
