

# healthHcentric Exam Stool

Anti-slip and Superior Infection Prevention

# Exam Stool, improved safety and comfort.

The **healthCentric Exam Stool** provides stability, comfort and ease of movement in multiple settings such as hospitals, clinics, and medical office buildings.

With the ability to work close to ground level, the Exam Stool reduces back and leg strain. The ring height adjustment activator ensures ease of adjustability from every angle.

## Frixion™

**Vinyl upholstery is slippery. The solution is Frixion.**

healthCentric's Frixion medical grade upholstery is specially designed to provide ergonomic benefits and prevent falls. Frixion helps the user stay in place and not slide forward on the chair as they sit, improving comfort and increasing the ability to engage with the lumbar support.

Frixion withstands hospital-grade cleaners and disinfectants, ensuring a hygienic seating surface for healthcare workers and patients.
