

# healthHcentric Sit Stand

The ultimate sit-stand available

# Easily alternate between different postures.

With its innovative design, **the healthCentric Sit Stand** is the ultimate sit-stand chair combining three chairs in one: providing a sit-stand, a sit-stand with backrest, or a counter or desk height task chair.

The healthCentric Sit Stand can go from a height of 19.25" all the way up to 35.5". Height adjustments are easy and quick, allowing you to alternate between various postures throughout the day, removing unnecessary demands on any specific group of muscles. Ideal for labs, pharmacy, Workstations on Wheels, and other sit to stand applications.

Upholstered with the new Frixion healthcare fabric, the healthCentric Sit Stand helps prevent users from slipping while in the perched position. The front casters make the sit-stand easy to move around and it comes fully assembled for convenience.

## FEATURES

- 1 No-Slip Frixion Healthcare Fabric
- 2 3 glides provide stability
- 3 2 casters for easy moving

**Frixion™**  
Healthcare Fabric

**Prevent Falls from Chairs**

### The only Ergonomic Healthcare Fabric available

Stools and chairs in clinical settings are typically upholstered in vinyl and other slippery coated materials. healthCentric's new Frixion Healthcare Fabric allows the user to stay firmly positioned in their seat. It also withstands hospital grade cleaners and disinfectants. Frixion is created by adding healthCentric's proprietary **anti-slip technology** to certain hospital grade coated fabrics.

## Features
