

# healthHcentric Exam Stool

Anti-slip and Superior Infection Prevention

# Exam Stool, improved safety and comfort.

The **healthCentric Exam Stool** provides stability, comfort and ease of movement in multiple settings such as hospitals, clinics, and medical office buildings.

With the ability to work close to ground level, the Exam Stool reduces back and leg strain. The ring height adjustment activator ensures ease of adjustability from every angle.

**Frixion**<sup>™</sup>  
Healthcare Fabric

Prevent Falls from Chairs

## The only Ergonomic Healthcare Fabric available

Stools and chairs in clinical settings are typically upholstered in vinyl and other slippery coated materials. healthCentric's new Frixion Healthcare Fabric allows the user to stay firmly positioned in their seat. It also withstands hospital grade cleaners and disinfectants. Frixion is created by adding healthCentric's proprietary **anti-slip technology** to certain hospital grade coated fabrics.

## Features
